

Job Vacancy: Project Manager

Location: Home-based, Remote

Hours: Flexible Part-time or full time

Salary: On application

Organisation: Micro Equity

Company Description

Micro Equity is a social enterprise that aims to provide stable homes for homeless families with children to recover from their difficulties and rebuild their lives in a safe environment.

Project Description

We are launching a series of “Home for Kids” projects around the country to raise capital through issuing community shares to ethical investors to purchase quality properties to rent to homeless families with children. The families will have the opportunity to buy their home one share at a time with their spare cash. The sense of ownership will provide stability for the family to recover from their difficulties.

The project will work in partnership with local Christian communities to build supportive networks that help families recover from the challenges they have faced.

This initiative also offers meaningful opportunities for Christian communities to engage in outreach and to share our faith through practical support for families in need.

For more information on the Homes for Kids Project, visit: www.microequity.org

Role Description

This is a contract remote role for a Project Manager, whose responsibilities will include:

- Develop and implement a strategy to promote the community shares to raise required capital to purchase properties
- Coordinate with local housing support agencies to identify suitable tenants and suitable property.
- Coordinate with local letting agent to manage tenancy and property maintenance
- Coordinate with financial advise agency, such as CAP, to support tenant with financial matters
- Coordinate with local church to provide befriending service to the tenants, building a support network for the tenant

Qualifications

- Excellent communication and interpersonal skills
- Knowledge of fundraising strategies and techniques
- Ability to work independently and remotely
- Passion for promoting affordable home ownership and social impact
